

# What Makes AdvantaCare Chiropractic Wellness Center Different?

**Let's face it. There are a lot of chiropractors out there. So what makes AdvantaCare Chiropractic different? And why should you choose AdvantaCare Chiropractic over all other choices - including doing nothing at all?**

## **1. We're not the best at what we do, we're the ONLY ones who do what we do.**

ADVANTACARE Chiropractic Wellness Center does actual spinal structural correction and rehabilitation

## **2. Patient Education**

One outstanding benefit of ADVANTACARE Chiropractic Wellness Center is its patient education program. We encompass the very best technologies to educate our patients so that they're informed healthcare consumers. We want all of our clients to understand not only their own condition, but how chiropractic works, and where its place is in the healthcare arena. From our unique pamphlets to the empowering lithographs placed throughout the office, to Dr. Bartelt's powerful in-house workshops, we feel that our patient education effort is second to none.

## **3. One-On-One Attention**

Each and every one of our patients gets intense one-on-one attention from the clinical staff. We do this, because - quite frankly, you deserve it. There are simply too many clinics (Medical *and* Chiropractic alike) - that try to run the patient's through the office as quickly as possible. We're more than happy to take the time to listen to you, to get to know you and your own challenges and goals, and work with you to achieve them.

## **4. The state of the art in technology**

ADVANTACARE Chiropractic Wellness Center features the most modern technologies available anywhere in the arena of physical rehabilitation. We've spared no expense in obtaining the best and most cutting edge methods and equipment so that our patients have the greatest likelihood of achieving their health goals.

## **5. Affordable care**

We are committed to providing high quality Chiropractic care to everyone who wants and needs it. But high quality does not necessarily mean expensive. ADVANTACARE Chiropractic Wellness Center gladly accepts most insurances. And for those clients who either do not have health insurance, or their policy does not cover Chiropractic, we offer very affordable self pay solutions.

At ADVANTACARE Chiropractic Wellness Center - we've never turned anyone away because of their financial situation. If you're committed to getting your spine corrected, we will do whatever it takes to find a way to make your care affordable.
